This course is for students who can read Tibetan but need more practice. We shall cover simple grammar and vocabulary, and hone reading skills using carefully chosen dharma texts and classical Tibetan passages. By the end of the course students will be able to read more quickly and speak basic Tibetan. The textbook used will be ‘Manual of Authentic Tibetan’ by Klara Hendrychova and Tenzin Choephal, the latter being the course tutor. This course is not recommended for students who have recently taken our beginner’s class. We expect those students to practice their spelling and reading skills for at least two months before moving up. Knowing how to read quickly is an important foundation of the Tibetan language.
